### **321J.2 Operating while under the influence of alcohol or a drug or while having an alcohol concentration of .08 or more (OWI).**

1. A person commits the offense of operating while intoxicated if the person operates a motor vehicle in this state in any of the following conditions:
  - a. While under the influence of an alcoholic beverage or other drug or a combination of such substances.
  - b. While having an alcohol concentration of .08 or more.
  - c. While any amount of a controlled substance is present in the person, as measured in the person's blood or urine.
2. A person who violates subsection 1 commits:
  - a. A serious misdemeanor for the first offense.
  - b. An aggravated misdemeanor for a second offense.
  - c. A class "D" felony for a third offense and each subsequent offense.
3. A first offense is punishable by all of the following:
  - a. A minimum period of imprisonment in the county jail of forty-eight hours, but not to exceed one year, to be served as ordered by the court, less credit for any time the person was confined in a jail or detention facility following arrest or for any time the person spent in a court-ordered operating-while-intoxicated program that provides law enforcement security. However, the court, in ordering service of the sentence and in its discretion, may accommodate the defendant's work schedule.
  - b. (1) With the consent of the defendant, the court may defer judgment pursuant to section 907.3 and may place the defendant on probation upon conditions as it may require. Upon a showing that the defendant is not fulfilling the conditions of probation, the court may revoke probation and impose any sentence authorized by law. Before taking such action, the court shall give the defendant an opportunity to be heard on any matter relevant to the proposed action. Upon violation of the conditions of probation, the court may proceed as provided in chapter 908. Upon fulfillment of the conditions of probation and the payment of fees imposed and not waived by the judicial district

department of correctional services under section 905.14, the defendant shall be discharged without entry of judgment.

(2) A person is not eligible for a deferred judgment under section 907.3 if the person has been convicted of a violation of this section or the person's driver's license has been revoked under this chapter, and any of the following apply:

(a) If the defendant's alcohol concentration established by the results of an analysis of a specimen of the defendant's blood, breath, or urine withdrawn in accordance with this chapter exceeds .15, regardless of whether or not the alcohol concentration indicated by the chemical test minus the established margin of error inherent in the device or method used to conduct the test equals an alcohol concentration of .15 or more.

(b) If the defendant has previously been convicted of a violation of subsection 1 or a statute in another state substantially corresponding to subsection 1.

(c) If the defendant has previously received a deferred judgment or sentence for a violation of subsection 1 or for a violation of a statute in another state substantially corresponding to subsection 1.

(d) If the defendant refused to consent to testing requested in accordance with section 321J.6.

(e) If the offense under this chapter results in bodily injury to a person other than the defendant.

c. Assessment of a fine of one thousand two hundred fifty dollars. However, in the discretion of the court, if no personal or property injury has resulted from the defendant's actions, the court may waive up to six hundred twenty-five dollars of the fine when the defendant presents to the court at the end of the minimum period of ineligibility a temporary restricted license issued pursuant to section 321J.20.

(1) Upon the entry of a deferred judgment, a civil penalty shall be assessed as provided in section 907.14 in an amount not less than the amount of the criminal fine authorized pursuant to this paragraph "c".

(2) As an alternative to a portion or all of the fine, the court may order the person to perform unpaid community service. However, the court shall not order the person to perform unpaid community service in lieu of a civil penalty or victim restitution. Surcharges and fees shall also be assessed pursuant to chapter 911.

d. Revocation of the person's driver's license for a minimum period of one hundred eighty days up to a maximum revocation period of one year, pursuant to section 321J.4, subsection 1, section 321J.9, or section 321J.12, subsection 2. If a revocation occurs due to test refusal under section 321J.9, the defendant shall be ineligible for a temporary restricted license for a minimum period of ninety days.

(1) A defendant whose alcohol concentration is .08 or more but not more than .10 shall not be eligible for any temporary restricted license for at least thirty days if a test was obtained and an accident resulting in personal injury or property damage occurred. The department shall require the defendant to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned or operated by the defendant if the defendant seeks a temporary restricted license. There shall be no such period of ineligibility if no such accident occurred, and the defendant shall not be required to install an ignition interlock device.

(2) A defendant whose alcohol concentration is more than .10 shall not be eligible for any temporary restricted license for at least thirty days if a test was obtained, and an accident resulting in personal injury or property damage occurred or the defendant's alcohol concentration exceeded .15. There shall be no such period of ineligibility if no such accident occurred and the defendant's alcohol concentration did not exceed .15. In either case, where a defendant's alcohol concentration is more than .10, the department shall require the defendant to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned or operated by the defendant if the defendant seeks a temporary restricted license.

- e. Assignment to substance abuse evaluation and treatment, a course for drinking drivers, and, if available and appropriate, a reality education substance abuse prevention program pursuant to section 321J.24.
4. A second offense is punishable by all of the following:
- a. A minimum period of imprisonment in the county jail or community-based correctional facility of seven days but not to exceed two years.

  - c. Revocation of the defendant's driver's license for a period of one year, if a revocation occurs pursuant to section 321J.12, subsection 1. If a revocation occurs due to test refusal under section 321J.9, or pursuant to section 321J.4, subsection 2, the defendant's license shall be revoked for a period of two years.
  - d. Assignment to substance abuse evaluation and treatment, a course for drinking drivers, and, if available and appropriate, a reality education substance abuse prevention program pursuant to section 321J.24.
5. A third offense is punishable by all of the following:
- a. Commitment to the custody of the director of the department of corrections for an indeterminate term not to exceed five years, with a mandatory minimum term of thirty days.
    - (1) If the court does not suspend a person's sentence of commitment to the custody of the director of the department of corrections under this paragraph "a", the person shall be assigned to a facility pursuant to section 904.513.
    - (2) If the court suspends a person's sentence of commitment to the custody of the director of the department of corrections under this paragraph "a", the court shall order the person to serve not less than thirty days nor more than one year in the county jail, and the person may be committed to treatment in the community under section 907.6.
  - b. Assessment of a minimum fine of three thousand one hundred twenty-five dollars and a maximum fine of nine thousand three hundred seventy-five dollars. Surcharges and fees shall be assessed pursuant to chapter 911.
  - c. Revocation of the person's driver's license for a period of six years pursuant to section 321J.4, subsection 4.
  - d. Assignment to substance abuse evaluation and treatment, a course for drinking drivers, and, if available and appropriate, a reality education substance abuse prevention program pursuant to section 321J.24.
6. To the extent that section 907.3 allows, the court may impose additional sentencing terms and conditions.
- 7.
- a. All persons convicted of an offense under subsection 2 shall be ordered, at the person's expense, to undergo, prior to sentencing, a substance abuse evaluation. The court shall order the person to follow the recommendations proposed in the substance abuse evaluation as provided in section 321J.3.
  - b. Where the program is available and is appropriate for the convicted person, a person convicted of an offense under subsection 2 shall be ordered to participate in a reality education substance abuse prevention program as provided in section 321J.24.
  - c. A minimum term of imprisonment in a county jail or community-based correctional facility imposed on a person convicted of a second or subsequent offense under subsection 2, paragraph "b" or "c" shall be served on consecutive days. However, if the sentencing court finds that service of the full minimum term on consecutive days would work an undue hardship on the person, or finds that sufficient jail space is not available and is not reasonably expected to become available within four months after sentencing to incarcerate the person serving the minimum sentence on consecutive days, the court may order the person to serve the minimum term in segments of at least forty-eight hours

and to perform a specified number of hours of unpaid community service as deemed appropriate by the sentencing court.

8. In determining if a violation charged is a second or subsequent offense for purposes of criminal sentencing or license revocation under this chapter:
  - a. Any conviction or revocation deleted from motor vehicle operating records pursuant to section 321.12 shall not be considered as a previous offense.
  - b. Deferred judgments entered pursuant to section 907.3 for violations of this section shall be counted as previous offenses.
  - c. Convictions or the equivalent of deferred judgments for violations in any other states under statutes substantially corresponding to this section shall be counted as previous offenses. The courts shall judicially notice the statutes of other states which define offenses substantially equivalent to the one defined in this section and can therefore be considered corresponding statutes. Each previous violation on which conviction or deferral of judgment was entered prior to the date of the violation charged shall be considered and counted as a separate previous offense.
9. A person shall not be convicted and sentenced for more than one violation of this section for actions arising out of the same event or occurrence, even if the event or occurrence involves more than one of the conditions specified in subsection 1.
10. The clerk of the district court shall immediately certify to the department a true copy of each order entered with respect to deferral of judgment, deferral of sentence, or pronouncement of judgment and sentence for a defendant under this section.
11.
  - a. This section does not apply to a person operating a motor vehicle while under the influence of a drug if the substance was prescribed for the person and was taken under the prescription and in accordance with the directions of a medical practitioner as defined in chapter 155A or if the substance was dispensed by a pharmacist without a prescription pursuant to the rules of the board of pharmacy, if there is no evidence of the consumption of alcohol and the medical practitioner or pharmacist had not directed the person to refrain from operating a motor vehicle.
  - b. When charged with a violation of subsection 1, paragraph "c", a person may assert, as an affirmative defense, that the controlled substance present in the person's blood or urine was prescribed or dispensed for the person and was taken in accordance with the directions of a practitioner and the labeling directions of the pharmacy, as that person and place of business are defined in section 155A.3.
12. In any prosecution under this section, evidence of the results of analysis of a specimen of the defendant's blood, breath, or urine is admissible upon proof of a proper foundation.
  - a. The alcohol concentration established by the results of an analysis of a specimen of the defendant's blood, breath, or urine withdrawn within two hours after the defendant was driving or in physical control of a motor vehicle is presumed to be the alcohol concentration at the time of driving or being in physical control of the motor vehicle.
  - b. The presence of a controlled substance or other drug established by the results of analysis of a specimen of the defendant's blood or urine withdrawn within two hours after the defendant was driving or in physical control of a motor vehicle is presumed to show the presence of such controlled substance or other drug in the defendant at the time of driving or being in physical control of the motor vehicle.
  - c. The department of public safety shall adopt nationally accepted standards for determining detectable levels of controlled substances in the division of criminal investigation's initial laboratory screening test for controlled substances.
13.
  - a. In addition to any fine or penalty imposed under this chapter, the court shall order a defendant convicted of or receiving a deferred judgment for a violation of this section to make restitution for damages resulting directly from the violation, to the victim, pursuant

to chapter 910. An amount paid pursuant to this restitution order shall be credited toward any adverse judgment in a subsequent civil proceeding arising from the same occurrence. However, other than establishing a credit, a restitution proceeding pursuant to this section shall not be given evidentiary or preclusive effect in a subsequent civil proceeding arising from the same occurrence.

b. The court may order restitution paid to any public agency for the costs of the emergency response resulting from the actions constituting a violation of this section, not exceeding five hundred dollars per public agency for each such response. For the purposes of this paragraph, "emergency response" means any incident requiring response by fire fighting, law enforcement, ambulance, medical, or other emergency services. A public agency seeking such restitution shall consult with the county attorney regarding the expenses incurred by the public agency, and the county attorney may include the expenses in the statement of pecuniary damages pursuant to section 910.3.

14. In any prosecution under this section, the results of a chemical test shall not be used to prove a violation of subsection 1, paragraph "b" or "c", if the alcohol, controlled substance, or other drug concentration indicated by the chemical test minus the established margin of error inherent in the device or method used to conduct the chemical test does not equal or exceed the level prohibited by subsection 1, paragraph "b" or "c".

#### **321J.4 Revocation of license — ignition interlock devices — conditional temporary restricted license.**

1. If a defendant is convicted of a violation of section 321J.2 and the defendant's driver's license or nonresident operating privilege has not been revoked under section 321J.9 or 321J.12 for the occurrence from which the arrest arose, the department shall revoke the defendant's driver's license or nonresident operating privilege for one hundred eighty days if the defendant submitted to chemical testing and has had no previous conviction or revocation under this chapter and shall revoke the defendant's driver's license or nonresident operating privilege for one year if the defendant refused to submit to chemical testing and has had no previous conviction or revocation under this chapter. The defendant shall not be eligible for any temporary restricted license for at least ninety days if a test was refused under section 321J.9.

a. A defendant whose alcohol concentration is .08 or more but not more than .10 shall not be eligible for any temporary restricted license for at least thirty days if a test was obtained and an accident resulting in personal injury or property damage occurred. The department shall require the defendant to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned or operated by the defendant if the defendant seeks a temporary restricted license. There shall be no such period of ineligibility if no such accident occurred, and the defendant shall not be required to install an ignition interlock device.

b. A defendant whose alcohol concentration is more than .10 shall not be eligible for any temporary restricted license for at least thirty days if a test was obtained and an accident resulting in personal injury or property damage occurred or the defendant's alcohol concentration exceeded .15. There shall be no such period of ineligibility if no such accident occurred and the defendant's alcohol concentration did not exceed .15. In either case, where a defendant's alcohol concentration is more than .10, the department shall require the defendant to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned or operated by the defendant if the defendant seeks a temporary restricted license.

c. If the defendant is under the age of twenty-one, the defendant shall not be eligible for a temporary restricted license for at least sixty days after the effective date of revocation.

2. If a defendant is convicted of a violation of section 321J.2, and the defendant's driver's license or nonresident operating privilege has not already been revoked under section 321J.9 or 321J.12 for the occurrence from which the arrest arose, the department shall revoke the defendant's driver's license or nonresident operating privilege for one year if the defendant submitted to

chemical testing and has had a previous conviction or revocation under this chapter and shall revoke the defendant's driver's license or nonresident operating privilege for two years if the defendant refused to submit to chemical testing and has had a previous revocation under this chapter. The defendant shall not be eligible for any temporary restricted license for forty-five days after the effective date of revocation if the defendant submitted to chemical testing and shall not be eligible for any temporary restricted license for ninety days after the effective date of revocation if the defendant refused chemical testing. The temporary restricted license shall be issued in accordance with section 321J.20, subsection 2. The department shall require the defendant to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned or operated by the defendant if the defendant seeks a temporary restricted license at the end of the minimum period of ineligibility. A temporary restricted license shall not be granted by the department until the defendant installs the ignition interlock device.

3. If the court defers judgment pursuant to section 907.3 for a violation of section 321J.2, and if the defendant's driver's license or nonresident operating privilege has not been revoked under section 321J.9 or 321J.12, or has not otherwise been revoked for the occurrence from which the arrest arose, the department shall revoke the defendant's driver's license or nonresident operating privilege for a period of not less than thirty days nor more than ninety days. The defendant shall not be eligible for any temporary restricted license for at least ninety days if a test was refused.

a. A defendant whose alcohol concentration is .08 or more but not more than .10 shall not be eligible for any temporary restricted license for at least thirty days if a test was obtained and an accident resulting in personal injury or property damage occurred. The department shall require the defendant to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned or operated by the defendant if the defendant seeks a temporary restricted license. There shall be no such period of ineligibility if no such accident occurred, and the defendant shall not be required to install an ignition interlock device.

b. A defendant whose alcohol concentration is more than .10 shall not be eligible for any temporary restricted license for at least thirty days if a test was obtained and an accident resulting in personal injury or property damage occurred or the defendant's alcohol concentration exceeded .15. There shall be no such period of ineligibility if no such accident occurred and the defendant's alcohol concentration did not exceed .15. In either case, where a defendant's alcohol concentration is more than .10, the department shall require the defendant to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned or operated by the defendant if the defendant seeks a temporary restricted license.

c. If the defendant is under the age of twenty-one, the defendant shall not be eligible for a temporary restricted license for at least sixty days after the effective date of the revocation.

4. Upon a plea or verdict of guilty of a third or subsequent violation of section 321J.2, the department shall revoke the defendant's driver's license or nonresident operating privilege for a period of six years. The defendant shall not be eligible for a temporary restricted license for one year after the effective date of the revocation. The department shall require the defendant to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned or operated by the defendant if the defendant seeks a temporary restricted license at the end of the minimum period of ineligibility. A temporary restricted license shall not be granted by the department until the defendant installs the ignition interlock device.

5. Upon a plea or verdict of guilty of a violation of section 321J.2 which involved a personal injury, the court shall determine in open court, from consideration of the information in the file and any other evidence the parties may submit, whether a serious injury was sustained by any person other than the defendant and, if so, whether the defendant's conduct in violation of section 321J.2 caused the serious injury. If the court so determines, the court shall order the department to revoke the defendant's driver's license or nonresident operating privilege for a period of one year

in addition to any other period of suspension or revocation. The defendant shall not be eligible for any temporary restricted license until the minimum period of ineligibility has expired under this section or section 321J.9, 321J.12, or 321J.20. The defendant shall surrender to the court any Iowa license or permit and the court shall forward it to the department with a copy of the order for revocation.

6. Upon a plea or verdict of guilty of a violation of section 321J.2 which involved a death, the court shall determine in open court, from consideration of the information in the file and any other evidence the parties may submit, whether a death occurred and, if so, whether the defendant's conduct in violation of section 321J.2 caused the death. If the court so determines, the court shall order the department to revoke the defendant's driver's license or nonresident operating privilege for a period of six years. The defendant shall not be eligible for any temporary restricted license for at least two years after the revocation. The defendant shall surrender to the court any Iowa license or permit and the court shall forward it to the department with a copy of the order for revocation.

7. If a license or permit to operate a motor vehicle is revoked or denied under this section or section 321J.9 or 321J.12, the period of revocation or denial shall be the period provided for such a revocation or until the defendant reaches the age of eighteen whichever period is longer.

8.
  - a. On a conviction for or as a condition of a deferred judgment for a violation of section 321J.2, the court may order the defendant to install ignition interlock devices of a type approved by the commissioner of public safety on all motor vehicles owned or operated by the defendant which, without tampering or the intervention of another person, would prevent the defendant from operating the motor vehicle with an alcohol concentration greater than a level set by rule of the commissioner of public safety.
  - b. The commissioner of public safety shall adopt rules to approve certain ignition interlock devices and the means of installation of the devices, and shall establish the level of alcohol concentration beyond which an ignition interlock device will not allow operation of the motor vehicle in which it is installed.
  - c. The order to install ignition interlock devices shall remain in effect for a period of time as determined by the court which shall not exceed the maximum term of imprisonment which the court could have imposed according to the nature of the violation. While the order is in effect, the defendant shall not operate a motor vehicle which does not have an approved ignition interlock device installed.
  - d. If the defendant's driver's license or nonresident operating privilege has been revoked, the department shall not issue a temporary permit or a driver's license to the person without certification that approved ignition interlock devices have been installed in all motor vehicles owned or operated by the defendant while the order is in effect.
  - e. A defendant who fails within a reasonable time to comply with an order to install an approved ignition interlock device may be declared in contempt of court and punished accordingly.
  - f. A person who tampers with or circumvents an ignition interlock device installed under a court order while an order is in effect commits a serious misdemeanor.

#### **321J.5 Preliminary screening test.**

1. When a peace officer has reasonable grounds to believe that either of the following have occurred, the peace officer may request that the operator provide a sample of the operator's breath for a preliminary screening test using a device approved by the commissioner of public safety for that purpose:
  - a. A motor vehicle operator may be violating or has violated section 321J.2 or 321J.2A.
  - b. The operator has been involved in a motor vehicle collision resulting in injury or death.
2. The results of this preliminary screening test may be used for the purpose of deciding whether an arrest should be made or whether to request a chemical test authorized in this chapter, but

shall not be used in any court action except to prove that a chemical test was properly requested of a person pursuant to this chapter.

#### **321J.6 Implied consent to test.**

1. A person who operates a motor vehicle in this state under circumstances which give reasonable grounds to believe that the person has been operating a motor vehicle in violation of section 321J.2 or 321J.2A is deemed to have given consent to the withdrawal of specimens of the person's blood, breath, or urine and to a chemical test or tests of the specimens for the purpose of determining the alcohol concentration or presence of a controlled substance or other drugs, subject to this section. The withdrawal of the body substances and the test or tests shall be administered at the written request of a peace officer having reasonable grounds to believe that the person was operating a motor vehicle in violation of section 321J.2 or 321J.2A, and if any of the following conditions exist:

- a. A peace officer has lawfully placed the person under arrest for violation of section 321J.2.
- b. The person has been involved in a motor vehicle accident or collision resulting in personal injury or death.
- c. The person has refused to take a preliminary breath screening test provided by this chapter.
- d. The preliminary breath screening test was administered and it indicated an alcohol concentration equal to or in excess of the level prohibited by section 321J.2.
- e. The preliminary breath screening test was administered to a person operating a commercial motor vehicle as defined in section 321.1 and it indicated an alcohol concentration of 0.04 or more.
- f. The preliminary breath screening test was administered and it indicated an alcohol concentration less than the level prohibited by section 321J.2, and the peace officer has reasonable grounds to believe that the person was under the influence of a controlled substance, a drug other than alcohol, or a combination of alcohol and another drug.
- g. The preliminary breath screening test was administered and it indicated an alcohol concentration of .02 or more but less than .08 and the person is under the age of twenty-one.

2. The peace officer shall determine which of the three substances, breath, blood, or urine, shall be tested. Refusal to submit to a chemical test of urine or breath is deemed a refusal to submit, and section 321J.9 applies. A refusal to submit to a chemical test of blood is not deemed a refusal to submit, but in that case, the peace officer shall then determine which one of the other two substances shall be tested and shall offer the test. If the peace officer fails to offer a test within two hours after the preliminary screening test is administered or refused or the arrest is made, whichever occurs first, a test is not required, and there shall be no revocation under section 321J.9.

3. Notwithstanding subsection 2, if the peace officer has reasonable grounds to believe that the person was under the influence of a controlled substance, a drug other than alcohol, or a combination of alcohol and another drug, a blood or urine test shall be required even after another type of test has been administered. Section 321J.9 applies to a refusal to submit to a chemical test of urine or blood requested under this subsection.

#### **321J.7 Dead or unconscious persons.**

A person who is dead, unconscious, or otherwise in a condition rendering the person incapable of consent or refusal is deemed not to have withdrawn the consent provided by section 321J.6, and the test may be given if a licensed physician, physician assistant, or advanced registered nurse practitioner certifies in advance of the test that the person is unconscious or otherwise in a condition rendering that person incapable of consent or refusal. If the certification is oral, a written certification shall be completed by the physician, physician assistant, or advanced registered nurse practitioner within a reasonable time of the test.

### **321J.8 Statement of officer.**

1. A person who has been requested to submit to a chemical test shall be advised by a peace officer of the following:
  - a. If the person refuses to submit to the test, the person's driver's license or nonresident operating privilege will be revoked by the department as required by and for the applicable period specified under section 321J.9.
  - b. If the person submits to the test and the results indicate the presence of a controlled substance or other drug, or an alcohol concentration equal to or in excess of the level prohibited by section 321J.2 or 321J.2A, the person's driver's license or nonresident operating privilege will be revoked by the department as required by and for the applicable period specified under section 321J.12.
  - c. (1) If the person is operating a commercial motor vehicle as defined in section 321.1 and either refuses to submit to the test or submits to the test and the results indicate an alcohol concentration of 0.04 or more, the person is disqualified from operating a commercial motor vehicle for the applicable period under section 321.208 in addition to any revocation of the person's driver's license or nonresident operating privilege which may be applicable under this chapter.
  - (2) If the person is operating a noncommercial motor vehicle and holding a commercial driver's license as defined in section 321.1 and either refuses to submit to the test or submits to the test and the results indicate the presence of a controlled substance or other drug or an alcohol concentration equal to or in excess of the level prohibited by section 321J.2, the person is disqualified from operating a commercial motor vehicle for the applicable period under section 321.208 in addition to any revocation of the person's driver's license or nonresident operating privilege which may be applicable under this chapter.
2. This section does not apply in any case involving a person described in section 321J.7.

### **321J.9 Refusal to submit — revocation.**

1. If a person refuses to submit to the chemical testing, a test shall not be given, but the department, upon the receipt of the peace officer's certification, subject to penalty for perjury, that the officer had reasonable grounds to believe the person to have been operating a motor vehicle in violation of section 321J.2 or 321J.2A, that specified conditions existed for chemical testing pursuant to section 321J.6, and that the person refused to submit to the chemical testing, shall revoke the person's driver's license and any nonresident operating privilege for the following periods of time:
  - a. One year if the person has no previous revocation under this chapter; and
  - b. Two years if the person has had a previous revocation under this chapter.
2.
  - a. A person whose driver's license or nonresident operating privileges are revoked under subsection 1 shall not be eligible for a temporary restricted license for at least ninety days after the effective date of the revocation. A temporary restricted license issued to a person whose driver's license or nonresident driving privilege has been revoked under subsection 1, paragraph "b", shall be issued in accordance with section 321J.20, subsection 2.
  - b. The department shall require the defendant to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned or operated by the defendant if the defendant seeks a temporary restricted license at the end of the minimum period of ineligibility. A temporary restricted license shall not be granted by the department until the defendant installs the ignition interlock device.
3. If the person is a resident without a license or permit to operate a motor vehicle in this state, the department shall deny to the person the issuance of a license or permit for the same period a license or permit would be revoked, and deny issuance of a temporary restricted license for the same period of ineligibility for receipt of a temporary restricted license, subject to review as provided in this chapter.

4. The effective date of revocation shall be ten days after the department has mailed notice of revocation to the person by first class mail, notwithstanding chapter 17A. The peace officer who requested or directed the administration of a chemical test may, on behalf of the department, serve immediate notice of intention to revoke and of revocation on a person who refuses to permit chemical testing. If the peace officer serves immediate notice, the peace officer shall take the Iowa license or permit of the driver, if any, and issue a temporary license effective for ten days. The peace officer shall immediately send the person's license to the department along with the officer's certificate indicating the person's refusal to submit to chemical testing.

#### **321J.10 Tests pursuant to warrants.**

1. Refusal to consent to a test under section 321J.6 does not prohibit the withdrawal of a specimen for chemical testing pursuant to a search warrant issued in the investigation of a suspected violation of section 707.5 or 707.6A if all of the following grounds exist:
  - a. A traffic accident has resulted in a death or personal injury reasonably likely to cause death.
  - b. There are reasonable grounds to believe that one or more of the persons whose driving may have been the proximate cause of the accident was violating section 321J.2 at the time of the accident.
2. Search warrants may be issued under this section in full compliance with chapter 808 or they may be issued under subsection 3.
3. Notwithstanding section 808.3, the issuance of a search warrant under this section may be based upon sworn oral testimony communicated by telephone if the magistrate who is asked to issue the warrant is satisfied that the circumstances make it reasonable to dispense with a written affidavit. The following shall then apply:
  - a. When a caller applies for the issuance of a warrant under this section and the magistrate becomes aware of the purpose of the call, the magistrate shall place under oath the person applying for the warrant.
  - b. The person applying for the warrant shall prepare a duplicate warrant and read the duplicate warrant, verbatim, to the magistrate who shall enter, verbatim, what is read to the magistrate on a form that will be considered the original warrant. The magistrate may direct that the warrant be modified.
  - c. The oral application testimony shall set forth facts and information tending to establish the existence of the grounds for the warrant and shall describe with a reasonable degree of specificity the person or persons whose driving is believed to have been the proximate cause of the accident and from whom a specimen is to be withdrawn and the location where the withdrawal of the specimen or specimens is to take place.
  - d. If a voice recording device is available, the magistrate may record by means of that device all of the call after the magistrate becomes aware of the purpose of the call. Otherwise, the magistrate shall cause a stenographic or longhand memorandum to be made of the oral testimony of the person applying for the warrant.
  - e. If the magistrate is satisfied from the oral testimony that the grounds for the warrant exist or that there is probable cause to believe that they exist, the magistrate shall order the issuance of the warrant by directing the person applying for the warrant to sign the magistrate's name on the duplicate warrant. The magistrate shall immediately sign the original warrant and enter on its face the exact time when the issuance was ordered.
  - f. The person who executes the warrant shall enter the time of execution on the face of the duplicate warrant.
  - g. The magistrate shall cause any record of the call made by means of a voice recording device to be transcribed, shall certify the accuracy of the transcript, and shall file the transcript and the original record with the clerk. If a stenographic or longhand memorandum was made of the oral testimony of the person who applied for the warrant, the magistrate shall file a signed copy with the clerk.

- h. The clerk of court shall maintain the original and duplicate warrants along with the record of the telephone call and any transcript or memorandum made of the call in a confidential file until a charge, if any, is filed.
4. a. Search warrants issued under this section shall authorize and direct peace officers to secure the withdrawal of blood specimens by medical personnel under section 321J.11. Reasonable care shall be exercised to ensure the health and safety of the persons from whom specimens are withdrawn in execution of the warrants.
- b. If a person from whom a specimen is to be withdrawn objects to the withdrawal of blood, the warrant may be executed as follows:
- (1) If the person is capable of giving a specimen of breath, and a direct breath testing instrument is readily available, the warrant may be executed by the withdrawal of a specimen of breath for chemical testing, unless the peace officer has reasonable grounds to believe that the person was under the influence of a controlled substance, a drug other than alcohol, or a combination of alcohol and another drug.
- (2) If the testimony in support of the warrant sets forth facts and information that the peace officer has reasonable grounds to believe that the person was under the influence of a controlled substance, a drug other than alcohol, or a combination of alcohol and another drug, a urine sample shall be collected in lieu of a blood sample, if the person is capable of giving a urine sample and the sample can be collected without the need to physically compel the execution of the warrant.
5. The act of any person knowingly resisting or obstructing the withdrawal of a specimen pursuant to a search warrant issued under this section constitutes a contempt punishable by a fine not exceeding one thousand dollars or imprisonment in a county jail not exceeding one year or by both such fine and imprisonment. Also, if the withdrawal of a specimen is so resisted or obstructed, sections 321J.9 and 321J.16 apply.
6. Nonsubstantive variances between the contents of the original and duplicate warrants shall not cause a warrant issued under subsection 3 of this section to be considered invalid.
7. Specimens obtained pursuant to warrants issued under this section are not subject to disposition under section 808.9 or chapter 809 or 809A.
8. Subsections 1 to 7 of this section do not apply where a test may be administered under section 321J.7.
9. Medical personnel who use reasonable care and accepted medical practices in withdrawing blood specimens are immune from liability for their actions in complying with requests made of them pursuant to search warrants or pursuant to section 321J.11.

**321J.10A Blood, breath, or urine specimen withdrawal without a warrant.**

1. Notwithstanding section 321J.10, if a person is under arrest for an offense arising out of acts alleged to have been committed while the person was operating a motor vehicle in violation of section 321J.2 or 321J.2A, and that arrest results from an accident that causes a death or personal injury reasonably likely to cause death, a chemical test of blood may be administered without the consent of the person arrested to determine the amount of alcohol or a controlled substance in that person's blood if all of the following circumstances exist:
- a. The peace officer reasonably believes the blood drawn will produce evidence of intoxication.
- b. The method used to take the blood sample is reasonable and performed in a reasonable manner by medical personnel under section 321J.11.
- c. The peace officer reasonably believes the officer is confronted with an emergency situation in which the delay necessary to obtain a warrant under section 321J.10 threatens the destruction of the evidence.

2. If the person from whom a specimen of blood is to be withdrawn objects to the withdrawal, a breath or urine sample may be taken under the following circumstances:
  - a. If the person is capable of giving a specimen of breath, and a direct breath testing instrument is readily available, the withdrawal of a specimen of the person's breath may be taken for chemical testing, unless the peace officer has reasonable grounds to believe that the person was under the influence of a controlled substance, a drug other than alcohol, or a combination of alcohol and another drug.
  - b. If the peace officer has reasonable grounds to believe that the person was under the influence of a controlled substance, a drug other than alcohol, or a combination of alcohol and another drug, a urine sample shall be collected in lieu of a blood sample, if the person is capable of giving a urine sample and the sample can be collected.

#### **321J.11 Taking sample for test.**

Only a licensed physician, licensed physician assistant as defined in section 148C.1, medical technologist, or registered nurse, acting at the request of a peace officer, may withdraw a specimen of blood for the purpose of determining the alcohol concentration or the presence of a controlled substance or other drugs. However, any peace officer, using devices and methods approved by the commissioner of public safety, may take a specimen of a person's breath or urine for the purpose of determining the alcohol concentration, or may take a specimen of a person's urine for the purpose of determining the presence of a controlled substance or other drugs. Only new equipment kept under strictly sanitary and sterile conditions shall be used for drawing blood.

The person may have an independent chemical test or tests administered at the person's own expense in addition to any administered at the direction of a peace officer. The failure or inability of the person to obtain an independent chemical test or tests does not preclude the admission of evidence of the results of the test or tests administered at the direction of the peace officer. Upon the request of the person who is tested, the results of the test or tests administered at the direction of the peace officer shall be made available to the person.

#### **321J.12 Test result revocation.**

1. Upon certification, subject to penalty for perjury, by the peace officer that there existed reasonable grounds to believe that the person had been operating a motor vehicle in violation of section 321J.2, that there existed one or more of the necessary conditions for chemical testing described in section 321J.6, subsection 1, and that the person submitted to chemical testing and the test results indicated the presence of a controlled substance or other drug, or an alcohol concentration equal to or in excess of the level prohibited by section 321J.2, or a combination of alcohol and another drug in violation of section 321J.2, the department shall revoke the person's driver's license or nonresident operating privilege for the following periods of time:
  - a. One hundred eighty days if the person has had no revocation under this chapter.
  - b. One year if the person has had a previous revocation under this chapter.
2.
  - a. A person whose driver's license or nonresident operating privileges have been revoked under subsection 1, paragraph "a", whose alcohol concentration is .08 or more but not more than .10 shall not be eligible for any temporary restricted license for at least thirty days after the effective date of the revocation if a test was obtained and an accident resulting in personal injury or property damage occurred. The department shall require the defendant to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned or operated by the defendant if the defendant seeks a temporary license. There shall be no such period of ineligibility if no such accident occurred, and the defendant shall not be required to install an ignition interlock device.
  - b. A defendant whose alcohol concentration is more than .10 shall not be eligible for any temporary restricted license for at least thirty days if a test was obtained and an accident resulting in personal injury or property damage occurred or the defendant's alcohol concentration exceeded .15. There shall be no such period of ineligibility if no such

accident occurred and the defendant's alcohol concentration did not exceed .15. In either case, where a defendant's alcohol concentration is more than .10, the department shall require the defendant to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned or operated by the defendant if the defendant seeks a temporary restricted license.

c. If the person is under the age of twenty-one, the person shall not be eligible for a temporary restricted license for at least sixty days after the effective date of the revocation.

d. A person whose license or privileges have been revoked under subsection 1, paragraph "b", for one year shall not be eligible for any temporary restricted license for forty-five days after the effective date of the revocation, and the department shall require the person to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned or operated by the defendant if the defendant seeks a temporary restricted license at the end of the minimum period of ineligibility. The temporary restricted license shall be issued in accordance with section 321J.20, subsection 2. A temporary restricted license shall not be granted by the department until the defendant installs the ignition interlock device.

3. The effective date of the revocation shall be ten days after the department has mailed notice of revocation to the person by first class mail, notwithstanding chapter 17A. The peace officer who requested or directed the administration of the chemical test may, on behalf of the department, serve immediate notice of revocation on a person whose test results indicated the presence of a controlled substance or other drug, or an alcohol concentration equal to or in excess of the level prohibited by section 321J.2, or a combination of alcohol and another controlled substance or drug in violation of section 321J.2.

4. If the peace officer serves that immediate notice, the peace officer shall take the person's Iowa license or permit, if any, and issue a temporary license valid only for ten days. The peace officer shall immediately send the person's driver's license to the department along with the officer's certificate indicating that the test results indicated the presence of a controlled substance or other drug, or an alcohol concentration equal to or in excess of the level prohibited by section 321J.2.

5. Upon certification, subject to penalty of perjury, by the peace officer that there existed reasonable grounds to believe that the person had been operating a motor vehicle in violation of section 321J.2A, that there existed one or more of the necessary conditions for chemical testing described in section 321J.6, subsection 1, and that the person submitted to chemical testing and the test results indicated an alcohol concentration of .02 or more but less than .08, the department shall revoke the person's driver's license or operating privilege for a period of sixty days if the person has had no previous revocation under this chapter, and for a period of ninety days if the person has had a previous revocation under this chapter.

6. The results of a chemical test may not be used as the basis for a revocation of a person's driver's license or nonresident operating privilege if the alcohol or drug concentration indicated by the chemical test minus the established margin of error inherent in the device or method used to conduct the chemical test is not equal to or in excess of the level prohibited by section 321J.2 or 321J.2A.

### **321J.13 Hearing on revocation — appeal.**

1. Notice of revocation of a person's noncommercial driver's license or operating privilege served pursuant to section 321J.9 or 321J.12 shall include a form accompanied by a preaddressed envelope on which the person served may indicate by a checkmark if the person only wishes to request a temporary restricted license after the mandatory ineligibility period for issuance of a temporary restricted license has ended, or if the person wishes a hearing to contest the revocation. The form shall clearly state on its face that the form must be completed and returned within ten days of receipt or the person's right to a hearing to contest the revocation is foreclosed.

The form shall also be accompanied by a statement of the operation of and the person's rights under this chapter.

2. The department shall grant the person an opportunity to be heard within forty-five days of receipt of a request for a hearing if the request is made not later than ten days after receipt of notice of revocation served pursuant to section 321J.9 or 321J.12. The hearing shall be before the department in the county where the alleged events occurred, unless the director and the person agree that the hearing may be held in some other county, or the hearing may be held by telephone conference at the discretion of the agency conducting the hearing. The hearing may be recorded and its scope shall be limited to the issues of whether a peace officer had reasonable grounds to believe that the person was operating a motor vehicle in violation of section 321J.2 or 321J.2A and one or more of the following:
  - a. Whether the person refused to submit to the test or tests.
  - b. Whether a test was administered and the test results indicated an alcohol concentration equal to or in excess of the level prohibited under section 321J.2 or 321J.2A.
  - c. Whether a test was administered and the test results indicated the presence of alcohol, a controlled substance or other drug, or a combination of alcohol and another drug, in violation of section 321J.2.
3. After the hearing the department shall order that the revocation be either rescinded or sustained. Upon receipt of the decision of the department to sustain a revocation, the person contesting the revocation has ten days to file a request for review of the decision by the director. The director or the director's designee shall review the decision within thirty days and shall either rescind or sustain the revocation or order a new hearing. If the director orders a new hearing, the department shall grant the person a new hearing within twenty days of the director's order.
4. The department shall stay the revocation of a person's driver's license or operating privilege for the period that the person is contesting the revocation under this section or section 321J.14 if it is shown to the satisfaction of the department that the new evidence is material and that there were valid reasons for failure to present it in the contested case proceeding before the department. However, a stay shall not be granted for violations of section 321J.2A.
5. If the department fails to comply with the time limitations of this section regarding granting a hearing, review by the director or the director's designee, or granting a new hearing, and if the request for a hearing or review by the director was properly made under this section, the revocation of the driver's license or operating privilege of the person who made the request for a hearing or review shall be rescinded. This subsection shall not apply in those cases in which a continuance to the hearing has been granted at the request of either the person who requested the hearing or the peace officer who requested or administered the chemical test.
6.
  - a. The department shall grant a request for a hearing to rescind the revocation if the person whose motor vehicle license or operating privilege has been or is being revoked under section 321J.9 or 321J.12 submits a petition containing information relating to the discovery of new evidence that provides grounds for rescission of the revocation.
  - b. The person shall prevail at the hearing if, in the criminal action on the charge of violation of section 321J.2 or 321J.2A resulting from the same circumstances that resulted in the administrative revocation being challenged, the court held one of the following:
    - (1) That the peace officer did not have reasonable grounds to believe that a violation of section 321J.2 or 321J.2A had occurred to support a request for or to administer a chemical test.
    - (2) That the chemical test was otherwise inadmissible or invalid.
  - c. Such a holding by the court in the criminal action is binding on the department, and the department shall rescind the revocation. If the offense for which the revocation was imposed was committed while the person was operating a noncommercial motor vehicle

and holding a commercial driver's license and the department disqualified the person from operating a commercial motor vehicle under section 321.208, subsection 2, paragraph "a" or "b", as a result of the revocation, the department shall also rescind the disqualification.

**321J.15 Evidence in any action.**

Upon the trial of a civil or criminal action or proceeding arising out of acts alleged to have been committed by a person while operating a motor vehicle in violation of section 321J.2 or 321J.2A, evidence of the alcohol concentration or the presence of a controlled substance or other drugs in the person's body at the time of the act alleged as shown by a chemical analysis of the person's blood, breath, or urine is admissible. If it is established at trial that an analysis of a breath specimen was performed by a certified operator using a device intended to determine alcohol concentration and methods approved by the commissioner of public safety, no further foundation is necessary for introduction of the evidence.

**321J.16 Proof of refusal admissible.**

If a person refuses to submit to a chemical test, proof of refusal is admissible in any civil or criminal action or proceeding arising out of acts alleged to have been committed while the person was operating a motor vehicle in violation of section 321J.2 or 321J.2A.

**321J.17 Civil penalty — disposition — conditions for license reinstatement.**

1. If the department revokes a person's driver's license or nonresident operating privilege under this chapter, the department shall assess the person a civil penalty of two hundred dollars. The money collected by the department under this section shall be transmitted to the treasurer of state who shall deposit one-half of the money in the separate fund established in section 915.94 and one-half of the money in the general fund of the state. A temporary restricted license shall not be issued unless an ignition interlock device has been installed pursuant to section 321J.4. A driver's license or nonresident operating privilege shall not be reinstated unless proof of deinstallation of an ignition interlock device installed pursuant to section 321J.4 has been submitted to the department. Except as provided in section 321.210B, a temporary restricted license shall not be issued or a driver's license or nonresident operating privilege reinstated until the civil penalty has been paid. A person assessed a penalty under this section may remit the civil penalty along with a processing fee of five dollars to a county treasurer authorized to issue driver's licenses under chapter 321M, or the civil penalty may be paid directly to the department.
2.
  - a. If the department or a court orders the revocation of a person's driver's license or nonresident operating privilege under this chapter, the department or court shall also order the person, at the person's own expense, to do the following:
    - (1) Enroll, attend, and satisfactorily complete a course for drinking drivers, as provided in section 321J.22.
    - (2) Submit to evaluation and treatment or rehabilitation services.
  - b. The court or department may request that the community college or substance abuse treatment providers licensed under chapter 125 or other approved provider conducting the course for drinking drivers that the person is ordered to attend immediately report to the court or department that the person has successfully completed the course for drinking drivers. The court or department may request that the treatment program which the person attends periodically report on the defendant's attendance and participation in the program, as well as the status of treatment or rehabilitation.
  - c. A driver's license or nonresident operating privilege shall not be reinstated until proof of completion of the requirements of this subsection is presented to the department.
3. The department shall also require certification of installation of an ignition interlock device of a type approved by the commissioner of public safety on all motor vehicles owned or operated by any person seeking reinstatement following a second or subsequent revocation under section 321J.4, 321J.9, or 321J.12, unless such a person has previously received a temporary restricted license during the term of the revocation as authorized by this chapter. The requirement for the

installation of an approved ignition interlock device shall be for one year from the date of reinstatement unless a different time period is required by statute.

**321J.18 Other evidence.**

This chapter does not limit the introduction of any competent evidence bearing on the question of whether a person was under the influence of an alcoholic beverage or a controlled substance or other drug, including the results of chemical tests of specimens of blood, breath, or urine obtained more than two hours after the person was operating a motor vehicle.

.....

**321J.20 Temporary restricted license — ignition interlock devices.**

1. a. The department may, on application, issue a temporary restricted license to a person whose noncommercial driver's license is revoked under this chapter allowing the person to drive to and from the person's home and specified places at specified times which can be verified by the department and which are required by the person's full-time or part-time employment, continuing health care or the continuing health care of another who is dependent upon the person, continuing education while enrolled in an educational institution on a part-time or full-time basis and while pursuing a course of study leading to a diploma, degree, or other certification of successful educational completion, substance abuse treatment, court-ordered community service responsibilities, and appointments with the person's parole or probation officer if the person's driver's license has not been revoked previously under section 321J.4, 321J.9, or 321J.12 and if any of the following apply:
    - (1) The person's noncommercial driver's license is revoked under section 321J.4 and the minimum period of ineligibility for issuance of a temporary restricted license has expired. This subsection shall not apply to a revocation ordered under section 321J.4 resulting from a plea or verdict of guilty of a violation of section 321J.2 that involved a death.
    - (2) The person's noncommercial driver's license is revoked under section 321J.9 and the person has entered a plea of guilty on a charge of a violation of section 321J.2 which arose from the same set of circumstances which resulted in the person's driver's license revocation under section 321J.9 and the guilty plea is not withdrawn at the time of or after application for the temporary restricted license, and the minimum period of ineligibility for issuance of a temporary restricted license has expired.
    - (3) The person's noncommercial driver's license is revoked under section 321J.12, and the minimum period of ineligibility for issuance of a temporary restricted license has expired.
  - b. A temporary restricted license may be issued under this subsection if the person's noncommercial driver's license is revoked for two years under section 321J.4, subsection 2, or section 321J.9, subsection 1, paragraph "b", and the first three hundred sixty-five days of the revocation have expired.
  - c. This subsection does not apply to a person whose license was revoked under section 321J.2A or section 321J.4, subsection 4 or 6, or to a person whose license is suspended or revoked for another reason.
  - d. Following the applicable minimum period of ineligibility, a temporary restricted license under this subsection shall not be issued until the applicant installs an ignition interlock device of a type approved by the commissioner of public safety on all motor vehicles owned or operated by the applicant in accordance with section 321J.2, 321J.4, 321J.9, or 321J.12. Installation of an ignition interlock device under this subsection shall be required for the period of time for which the temporary restricted license is issued.
2. a. Notwithstanding section 321.560, the department may, on application, and upon the expiration of the minimum period of ineligibility for a temporary restricted license provided for under section 321.560, 321J.4, 321J.9, or 321J.12, issue a temporary restricted license to a person whose noncommercial driver's license has either been revoked under this chapter, or revoked or suspended under chapter 321 solely for violations of this

chapter, or who has been determined to be a habitual offender under chapter 321 based solely on violations of this chapter or on violations listed in section 321.560, subsection 1, paragraph "b", and who is not eligible for a temporary restricted license under subsection 1. However, the department may not issue a temporary restricted license under this subsection for a violation of section 321J.2A or to a person under the age of twenty-one whose license is revoked under section 321J.4, 321J.9, or 321J.12. A temporary restricted license issued under this subsection may allow the person to drive to and from the person's home and specified places at specified times which can be verified by the department and which are required by the person's full-time or part-time employment, continuing education while enrolled in an educational institution on a part-time or full-time basis and while pursuing a course of study leading to a diploma, degree, or other certification of successful educational completion, or substance abuse treatment.

b. Notwithstanding paragraph "a", a temporary restricted license issued to a person whose noncommercial driver's license has been revoked under section 321J.4, subsection 2, section 321J.9, subsection 1, paragraph "b", or section 321J.12, subsection 1, paragraph "b", shall provide for but not exceed the uses permitted by 23 U.S.C. § 164. This restriction applies only during the first three hundred sixty-five days of the person's revocation.

c. A temporary restricted license issued under this subsection shall be conditioned upon the installation of an approved ignition interlock device on all motor vehicles owned or operated by the person. However, a person whose driver's license or nonresident operating privilege has been revoked under section 321J.21 may apply to the department for a temporary restricted license without the requirement of an ignition interlock device if at least twelve years have elapsed since the end of the underlying revocation period for a violation of section 321J.2.

3. If a person required to install an ignition interlock device operates a motor vehicle which does not have an approved ignition interlock device or if the person tampers with or circumvents an ignition interlock device, in addition to other penalties provided, the person's temporary restricted license shall be revoked.

4. A person holding a temporary restricted license issued by the department under this section shall not operate a motor vehicle for pleasure.

5. A person holding a temporary restricted license issued by the department under this section shall not operate a commercial motor vehicle on a highway if a commercial driver's license is required for the person's operation of the commercial motor vehicle.

8. A person who tampers with or circumvents an ignition interlock device installed as required in this chapter and while the requirement for the ignition interlock device is in effect commits a serious misdemeanor.

#### **321J.21 Driving while license suspended, denied, revoked, or barred.**

1. A person whose driver's license or nonresident operating privilege has been suspended, denied, revoked, or barred due to a violation of this chapter and who drives a motor vehicle while the license or privilege is suspended, denied, revoked, or barred commits a serious

2. In addition to the fine, the department, upon receiving the record of the conviction of a person under this section upon a charge of driving a motor vehicle while the license of the person was suspended, denied, revoked, or barred shall extend the period of suspension, denial, revocation, or bar for an additional like period, and the department shall not issue a new license during the additional period.

#### **804.20 Communications by arrested persons.**

Any peace officer or other person having custody of any person arrested or restrained of the person's liberty for any reason whatever, shall permit that person, without unnecessary delay after arrival at the place of detention, to call, consult, and see a member of the person's family or an attorney of the person's choice, or both. Such person shall be permitted to make a reasonable number of telephone calls as may be required to secure an attorney. If a call is made, it shall be made in the presence of the person having custody of the one arrested or restrained. If such person is intoxicated, or a person under eighteen years of age, the call may be made by the person having custody. Involuntary manslaughter as defined in this section is an included offense under an indictment for murder in the first or second degree or voluntary manslaughter.

For purposes of determining whether a person should register as a sex offender pursuant to the provisions of chapter 692A, the fact finder shall make a determination as provided in section 692A.126.

1. A person commits a class "B" felony when the person unintentionally causes the death of another by operating a motor vehicle while intoxicated, as prohibited by section 321J.2.

1A. Upon a plea or verdict of guilty of a violation of subsection 1, the defendant shall surrender to the court any Iowa license or permit and the court shall forward the license or permit to the department with a copy of the order of conviction. Upon receipt of the order of conviction, the department shall revoke the defendant's driver's license or nonresident operating privilege for a period of six years. The defendant shall not be eligible for a temporary restricted license for at least two years after the revocation.

1B. Upon a plea or verdict of guilty of a violation of subsection 1, the court shall order the defendant, at the defendant's expense, to do the following:
